Below it, a smaller, glowing white ring is visible. In the lower right, there is a glowing white ring that is slightly tilted. The overall effect is one of depth and light within a dark space.

A modern, multi-tiered circular light fixture is shown against a dark background. The fixture consists of several concentric rings. The outer rings have a textured, gold-colored finish, while the inner rings are white and emit a bright, warm light. Thin, vertical metal rods support the rings, creating a sense of height and elegance. The overall design is minimalist and contemporary.
