THE AVANT-GARDE CONSOLE TABLE

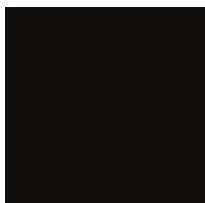

sig-419-442

COLLECTION: Signature Promethean

DIMENSIONS: 62W x 20D x 32.5H

Dramatically good-looking, our Avant-Garde console offers layers of grand design details. The console's back legs offer an open brass frame with stylistic cabriole legs while the front legs are fashioned from wood in a handsome black lacquer with a brass inlay that follows its curves and defines the table's curving apron. A decorative brass shoe punctuates the legs and a brass stretcher lends architectural interest. It's finished with a shapely stone top that underscores this piece's dramatic curves.

FINISH:

Urban Black

Signature Brass
