ARCHITECTS CHAIR

ats-chair-04b

COLLECTION: Modern Artisan Upholstery

DIMENSIONS: 27W x 27D x 32H

Best laid plans. A modern living space benefits greatly from a bit of personality. When planning out a room's interior furnishings, include a piece that tells a story or stimulates conversation. The Architect's chair cleverly rests on metal legs that imitate an architect's drafting tool. Supple leather adorns the padded upholstery seat on the chair's interior while the chair's outer upholstery features the suede reverse side.

CONSTRUCTION: Plush poly foam cushion. | Tight seat and back. |
