

## Acquerelli

Marco Zito

The Acquerelli lamps come in two sizes, large or small. In the table version, the two sizes correspond to two different lampshade shapes. In the suspension version, the double glass option is also available, with the small lampshade combined with the large one to create a single ceiling lamp to generate surprising games of light.

### FRAME:

mat lead painted metal

### LAMPSHADE in hand-blown glass:

milky white

gradient teal

optic ribbed teal
