+ The Onto is an upholstered bed with a deceptively simple look with many subtle elements inherent in its construction and design. The sleek profile of the Onto features a tall, cushioned headboard that is angled for sitting up in bed. Recessed steel legs at the foot of the bed prevent toe stubbing and castors underneath the headboard allow for easy movement for cleaning or repositioning in the room. Piedi in acciaio ad incasso e ruote sotto la testiera per consentire un facile spostamento per la pulizia o il riposizionamento nella stanza. La caratteristica più notevole del letto Onto è la cucitura del rivestimento. Scegliendo qualsiasi tessuto o pelle, Onto aggiunge calore, colore e consistenza in una camera da letto. Il rivestimento della testata e dei longoni sono rimovibili per la pulizia o la sostituzione. E' compreso un rivestimento a protezione della testiera in cotone lavabile in lavatrice.

Lean

+ Lean is a departure from the traditional picture frame mirror. It provides full length visuals, reflecting any image head to toe. It floats off the floor and rests gracefully against the wall at a 5 degree angle. At the same time, the noticeable separation from the wall gives the Lean grace and presence. The Lean is simple in form, yet its appeal is in the details. The mirrored surface contrasts with the thick wood panel it is affixed to. The lip at the base of the frame that holds the mirror in place is the same depth as the glass, making for a sleek, seamless unified surface. Lean is available as a wide and narrow mirror in a variety of wood veneers.

+ Lo specchio Lean stacca completamente dal tradizionale specchio cornice. E' uno specchio che galleggia sul pavimento e riposa con grazia contro il muro, che riflette una immagine completa a distanza ravvicinata grazie alla sua inclinazione. Allo stesso tempo, la separazione evidente dalla parete dà forza al suo design. Lo specchio Lean è semplice nella forma, ma il suo fascino è nei dettagli. La superficie a specchio contrasta con il pannello di legno di grosso spessore. Il labbro alla base del telaio che trattiene in posizione lo specchio è della stessa profondità del vetro, rendendo così una superficie unitaria ed elegante, senza soluzione di continuità. Lean è disponibile in due misure in una varietà di impiallaccature di legno.

+ Lean ist eine Abreise vom traditionellen Bilderrahmen Spiegel. Er steht Groß, mit Abstand vom Boden schwebend, mit 5 Grad gegen die Wand gelehnt und reflektiert ein Bild von Kopf zu Fuß. Gleichzeitig, gibt der spalt zur Wand den Lean, ein anmutiges Dasein. Lean ist simpel in Form, jedoch komplex im Detail. Die Gespiegelte Oberfläche sitzt im Kontrast mit der dicken Holzplatte auf der der Spiegel befestigt ist. Der Sockel auf dem der Spiegel ruht, ist gleich dick wie der Spiegel und schafft dadurch einen stufenlosen Flächen-Übergang. Lean ist als Breit und Schmal und in einer Vielfalt an Holzfurniere erhältlich.
